

Masks are Recommended (Optional) in all facilities beginning February 11, 2022.

Due to Wayne County being Gold or better for three consecutive days on the DHHR Metrics Map, masks are optional at all school sites and for school buses.

Masks will remain optional unless Wayne County is identified as Orange or Red on the DHHR Metrics Map for three consecutive days.

Masks may also be required at individual school sites if Covid-19 transmission rates warrant a mask requirement.

Masks are required for certain individuals regardless of the current mask status.

Individuals who are required to wear masks are as follows:

A student/staff member who has tested **positive** and returns to school on Day 6 – 10. The mask is required through Day 10.

A **symptomatic** student/staff member who returns to school on Day 6 – 10. The mask is required through Day 10.

A student/staff member who is exposed to a positive case within the household (**household contact**). The student/staff member must wear a mask Day 1 – 10.
