Press Release

February 9, 2018

Wayne County Schools has been notified by Union Officials that employees have approved a pending walkout on Friday, February 16, 2018. This pending work stoppage is being considered because of recent proposals by State agencies and activity in the legislature. Employees of the school system will be protesting proposed rate increases by the Public Employees Insurance Agency (PEIA). Employees will also be advocating for an increase in pay.

School leaders will announce plans for the status of schools on Friday, February 16, 2018 at least 48 hours in advance. Parents will receive notice no later than Wednesday, February 14, 2018.

Wayne County school leaders will continue to communicate with Union Officials in the days leading up to Friday, February 16, 2018 to confirm that this pending work stoppage will occur as planned and that the pending action will have as little of impact as possible on the educational process.
